2009 Sports Photography Workshop Schedule
(updated 6/28/2009)
Schedule is TENTATIVE and subject to change, with possibly additions onsite.
Please be aware that while at the OTC, you are a guest of the USOC, these are olympic athletes and their training comes first. Please be curtious and responsible at all times.
The USOC has granted us general access to all training areas, but at any time if a coach or athlete requests that you leave the area or stop photographing, please abide by their wishes.
Lastly, this is our most up to date information based on coaching schedules and facility reservations, but may change at anytime without notice, due to weather, athlete health, competition and other factors.
***Events in Bold are either credentialled or otherwise limited access, access to these events will determined by a credential raffle on Monday morning, giving those attendees interested in these events a fair chance to attend.**
